However, if one or more items in your cart is less than 1 lb, overweight/ oversized, shipping to a PO box, shipped from the vendor directly, shipped from a store location or if the order is held for credit card verification, it may take up to five days to arrive if you select standard ground shipping method.. Comments about Presonus StudioLive CS18AI Ethernet/AVB Control Surface with 18 Touch-Sensitive Moving Faders: This is actually a continuation of my original review.. If you need a guaranteed delivery date, you must select an expedited shipping method (either next-day air or two-day air) during checkout.

Since it is a class-compliant controller, there is no need to download additional drivers.. Need to mention that the cat5e input can only accommodate a standard Cat5e cable connection and not the higher grade XLR cat5e type cable connection.. 99 for my mixer and hook up to the RML32 Not that easy This configuration will only allow you to control volume, levels etc.. Comments about Presonus StudioLive CS18AI Ethernet/AVB Control Surface with 18 Touch-Sensitive Moving Faders: This is my 3rd review for this mixer.

(see Behringer Cat5e cable on a reel) In addition, it should be noted there are very limited options for a mixer lamp!The input is the 4 pin type and is mounted upside down, limiting your options even further.. No access or control over the fat channel! No control of your aux mixes either! This can only be done through WiFi using the UC Surface software! I then realized that the only other answer would be the CS18 mixer controller which gives you full and total control of the RML32!.. Your zip code will be used to confirm that your items qualify The Free Two-Day Shipping icon will appear next to the items that typically arrive in two days.. Just wanted to say that the actual mixer / controller is excellent! There is a learning curve but if you are already familiar with PreSonus mixers, you should have no problem adapting to this one!Just think of it as a StudioLive mixer on steroids! It gives you total control and flexibility over all aspects of the RML32 just as UC surface does! Think of this as a physical form of the UC surface software! Once you realize the extent of your options and possibilities with this unit you should be very happy!I should mention that I haven't used it live yet but I'm confident it will prove to be everything it's cracked up to be! Comments about Presonus StudioLive CS18AI Ethernet/AVB Control Surface with 18 Touch-Sensitive Moving Faders: I have the PreSonus 24.. If you use a different Expedited shipping is the only way to guarantee a specified delivery date.. So I purchased the PreSonus RML32 rack mixer / stage box At first, I figured I'd just purchase the AVB card $299. 34bbb28f04
